DEW Executive Director Cheryl M. Stanton's Statement January 2015 Employment Situation

“January marks the 62nd consecutive month of employment growth in South Carolina. All of South Carolina should celebrate as the state’s economy continues to expand and add jobs. As a state, we must also work more strategically to align available workers with the more than 70,000 available jobs. Governor Haley’s SucceedSC plan that will train the state’s workforce in high-demand jobs will do just that.”
